

LANmark-OF Cleaning Tools

- Cleaning tools for cleaning fibre connector and adaptors
- Cleaning tools for single connectors:SC,ST and LC
- Cleaning tools for male and female array connectors

Cleaning of fibre connectors and adaptors is extremely important to achieve optimal optical performance and low loss connectivity. The Aginode' cleaning tools allow cleaning unmated connectors and can also clean connectors that are installed in a patch panel. The cassette MPO cleaner allows cleaning effectively unmated male MPO connectors.
