Aginode Ref: 10509203 Unibundle cable up to 12 fibres

This unibundle cable is designed for indoor/outdoor installation. This cable has an outstanding fire behaviour. Access to the tube is made easy with the internal ripcord. This cable can be operated under a large temperature range.

Design

The UB LSZH* SP1309 cable has a central bundle with maximum

12 fibres inside.

The design is reinforced by a layer of watertight glass yarns and a LSZH* sheath.

Fibre type

The UB LSZH* SP1309 cable is available with singlemode and multimode fibres.

Technical performances

The unibundle cable performances are specified in the following tables.

Additional details

This cable is provided as a standard with a black sheath, other sheath colours are also available. Long exposure to UV with these other colours could generate colour fading.
