**LANSENSE BUILDING DATABASE SERVICE**

**Aginode Ref:** N874.BUILD

LANsense Building Database Service

Aginode offers database base building services for partners and/or end-users. The services offered are:

1. Building a new database in the software.
2. Migrating an existing database from old software to the new for the already existing LANsense user.
3. Add new languages.
4. Create customized user reports.

Please contact sales for further information and request.
